

## {Goals}

I taste design in every color I see. Just by being able to blend all the things I love in one while communicating a message simply makes me crave design. My creativity and urge to learn along with the time spent researching, serve me well to understand the client and target audience. Making people smile has always been one of my key ingredients; specially when working in a team environment. Add all the experience and knowledge that I have achieved and the recipe is done!

## {Education}

### **Valencia Community College Orlando Fl**

A.S. Interactive Design 2011  
A.S. Graphic Design 2010  
A.A. Fine Art/Studio Art 2008

Deans list 5 semesters.

Student Art Show 2008, 2009 & 2010.

## {Internships}

### **Orlando Magazine: Graphic Design 2010.**

Working for this magazine has been a great learning experience in the publication industry. Dealing with editors, marketing and sales associates, photographers; and of course the creative director has given me an understanding of how to work efficiently to make the layout and file perfect for print.

### **Orlando Style Magazine: Photographer 2007.**

While interning here I had the luxury to participate in Orlando's social events and to get to know the photographer experience. I also learned how to interact with complete strangers in their own environment while making them pose for a photograph successfully.

## {Jobs}

### **Clearchannel Outdoor: Digital Media Coordinator 2011—present.**

Responsible for processing and scheduling incoming ads, campaign fulfillment and monitoring the digital network. Develop and execute innovative ad campaigns, presentations and collateral materials that highlight features of the company's digital products.

### **Oakley: Sales Associate 2008—present.**

My responsibilities include educating the customer with product knowledge and listening to their needs to help them make the best decision. This has helped me learn to stay calm in difficult situations by communicating in the best way possible to solve the problem.

## {Related Skills}

**Computer:** MAC and PC platforms, Microsoft Office, latest version of Adobe InDesign, Illustrator, Photoshop, Dreamweaver, Flash, Final Cut Pro and Wordpress.

**Pre-press Publishing:** checking files to be printed at magazine publication.

**Time Management:** great organizational skills, prioritizing the steps to a good result.

**Languages:** Fluent in English and Spanish.

## {Interests}

Throughout the years I have also developed a very high interest in the photography world and now in the hope of continuing learning the field I wish to create a mixture of photography, graphics and web design in my career.
